

A close-up view of a marble surface with a light beige and cream color palette. The pattern features soft, swirling veins and some darker, greyish-brown spots, creating a subtle and elegant texture.

B L A N C O

A close-up view of a marble surface with a warm, earthy color palette. The pattern is characterized by prominent, irregular veins of light brown and tan, set against a darker, more textured background of brown and grey.

O X I D O

A close-up view of a marble surface with a dark, moody color palette. The pattern features deep, swirling veins of dark brown and black, with some lighter, brownish-grey areas, giving it a rich and dramatic appearance.

M U S G O

A close-up view of a marble surface with a light, airy color palette. The pattern is composed of soft, swirling veins of light grey and white, creating a delicate and sophisticated texture.

P E R L A

A close-up view of a marble surface with a dark, dramatic color palette. The pattern features bold, swirling veins of dark grey and black, with some lighter, brownish-grey areas, giving it a powerful and intense appearance.
